# Top case 13262 TS

## 13262 TS

| | |
|---|---|
| Product no. | **81091337** |
| GTIN | **4018754361106** |
| Model | **13262 TS** |

**Label.** Top case 13262 TS 516 x 296 x 310mm

**Properties.**

- robust and resilient polypropylene top case for the tool trolley 13217 and top case 13261
- can be equipped with up to 8 drawers (sold separately)
- secure locking thanks to patented LOCK-UNLOCK system
- individual labelling option
- with one carrying handle and 2 side handles
- resistant to temperature, impact, and chemicals
- metal-reinforced closures, lockable with padlock

## Benefits.

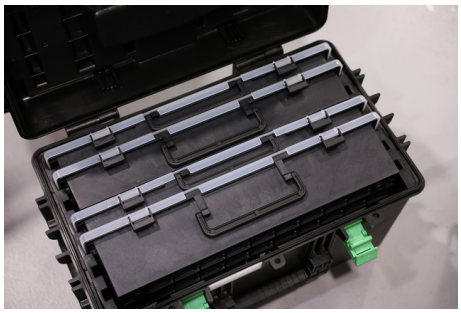
Practical extension for the tool trolley 13217 (from model 2025 with a suitable lid) and the add-on case 13261 for additional storage space.

The case offers space for tool storage in up to 8 drawers, which can be arranged flexibly in any order.

The tools can be easily and securely protected with a padlock.

With the patented LOCK-UNLOCK system, the 13262 TS can be quickly, easily and securely attached in a single step.

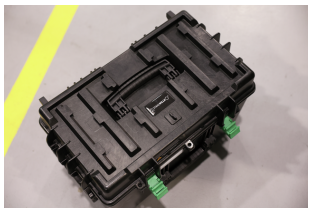
Our case is resistant to heat, impact and chemicals, making it ideal for rough everyday use in the workshop.



## Product highlights.

**More storage space, easily combined.**
The top case is the optimal addition to the 13217 toll trolley or other modules - simply attach, lock and get started. From model year 2025 onwards, it fits perfectly on top thanks to a new lid system and immediately creates additional storage space for tools, accessories or small parts. At the same time, the increased working height ensures greater ergonomics - particularly practical for tasks performed while standing, without having to constantly bend down.

**Securely connected in seconds.**
With the patented LOCK-UNLOCK system, the case sits securely on the trolley or another stackable case with just one hand movement. No wobbling, no slipping -simply place it, lock it in place and get going.



**Made for the toughest jobs.**
Whether oil, chemicals, or dirt - our case remains steadfast. It is resistant to skydrol, acetone, petrol and hydraulic oils. With water- and dust-proof closures, it is also ideally equipped for harsh industrial applications.

**Systematic organisation.**
Our top case impresses with its well-designed, modular drawer system. Up to 8 drawers offer clearly arranged storage space and can be arranged flexibly. Each drawer can be removed individually and taken with you - for maximum mobility, clear structure and perfectly organised tools.
