Properties.

- suitable for fixing plaster boards to wall pillars, among other things
- with movable tab
- forged, tip hardened
- zinc-plated
- in cardboard packaging

Benefits.

Robust plaster hooks to protect walls when fixing plaster and masonry battens, strips and other elements.

The rotating tab allows flexible adjustment of the position even after impact.

Made from forged, zinc-plated steel and additionally zinc-plated for high corrosion resistance and a long service life.

Intuitive installation - simply tap in with a hammer or striking tool, no drilling required.

The hardened tip ensures maximum durability -even on very hard surfaces - and allows effortless hammering into concrete.
