Top case 13261 TS

13261 TS

Product no.	**81091336**
GTIN	**4018754361090**
Model	**13261 TS**

Label. Too case 13261 TS 516 x 296 x 160mm

Properties.

- robust and resilient polypropylene top case for the tool trolley 13217 and the 13262 top case
- secure locking thanks to patented LOCK-UNLOCK system
- can be labelled individually
- resistant to temperature, impact, and chemicals
- metal-reinforced fastenings, lockable with padlock

Benefits.

Practical extension for the tool trolley 13217 (from model 2025 with a suitable lid) and the larger top case 13262 for additional storage space.

STAHLWILLE case is resistant to heat, impact and chemicals, making it ideal for rough everyday workshop use.

The writable name plate allows for quick identification, even in hectic working environments.

With the patented LOCK-UNLOCK system, the 13261 TS can be quickly, easily and securely attached in a single step.

The ergonomic, high-quality rubberised carrying handle ensures a high level of comfort when carrying.

Product highlights.

Securely connected in seconds.
With the patented LOCK-UNLOCK system, the case sits securely on the trolley or another stackable case with just one hand movement. No wobbling, no slipping -simply place it, lock it in place and get going.

Made for the toughest jobs.
Whether oil, chemicals, or dirt - our case remains steadfast. It is resistant to skydrol, acetone, petrol and hydraulic oils. With water- and dust-proof closures, it is also ideally equipped for harsh industrial applications.

More storage space, easily combined.
The top case is the optimal addition to the 13217 toll trolley or other modules - simply attach, lock and get started. From model year 2025 onwards, it fits perfectly on top thanks to a new lid system and immediately creates additional storage space for tools, accessories or small parts. At the same time, the increased working height ensures greater ergonomics - particularly practical for tasks performed while standing, without having to constantly bend down.
