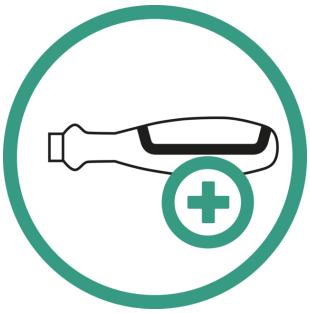
## Product highlights.

**Outstanding craftsmanship.**
The blades are made of exceptionally fine industrial-grade chrome alloy steel, through-hardened and anchored in the grip in such a way that they stay there.

**Robust.**
Whether slotted or cross-head - the rough blade tips transfer even the greatest torques to the screws - precisely and safely.

## Technologies and features.

**3-component handle**
Our 3-component handle combines hard and soft components, which give it its optimised ergonomics, maximum power transmission, and increased safety during daily use.



**DRALL+**
Our DRALL+ handle is non-slip and ergonomic. An extended grip zone protects the fingers and a hand stop prevents the tool from accidentally slipping or rolling away.
