The professional trolley.
Our high-quality tool trolley is the ideal partner for the safe transport of your tool sets in any application situation. Made of durable polypropylene, it easily withstands Skydrol, acetone, petrol and hydraulic oils. With removable drawers, telescopic handles and a padlock, this trolley is equipped for any situation and protects your tool from unauthorised access.

PRODUCT IMAGE IN PROGRESS

Individual organisation.
The extensive range is stored in 5 drawers with pull-out stops. Each drawer has a transparent lid, is removable and can be used as a separate tool box. This opens up a wide range of possibilities for flexible and individual use.

Technologies and features.

Modular Inlay System
This flexible solution for tool storage makes it possible to customise your tool trolleys and workbenches with 1/6, 1/3, 2/3 or 3/3 foam inlays.

Tool Control System
The intelligent modular inlay system protects and organises the tools in tool boxes, tool trolleys and workbenches. Two-colour foam inlays make checking the completeness of the tools quick and easy.

QuickRelease
The QuickRelease safety lock prevents unintentional loss of sockets and insert tools. These click securely into place, and are only released again at the push of a button for a quick tool change. In transducers: The QuickRelease safety lock helps you to quickly mount and change transducers. The transducers lock into the calibration system and only unlock again at the push of the buttons.
