Torch

13132

Product no.	**77490014**
GTIN	**4018754341375**
Model	**13132**

Label. Torch black 130 lm

Properties.

- handy, compact design
- high-performance reflector system
- brightness: 130 lm
- light range: 75 m
- lights for up to 4 h
- sturdy aircraft-grade aluminium body
- with practical clip
- protection class: IP54
- incl. 2 AAA 1.5 V batteries

Benefits.

The powerful 130 lumens and a beam range of 75 m ensure precise and even illumination of dark work areas.

Compact pen-style design for convenient carrying.

The housing made of durable aircraft-grade aluminium offers reliable protection against dust and splash water thanks to protection class IP54.

The battery-powered light duration of up to 4 hours (depending on the operating mode) allows for the most thorough inspections without interruption.

With the practical clip for trousers or bags, the lighting is always within reach.

Product highlights.

A shining helper.
With 130 lumens, our penlight provides enough brightness to optimally illuminate even small and hard-to-reach areas in vehicles or workshops, where conventional torches are often too large. Up to 4 hours of light guarantee reliable illumination for every application.

Compact and always with you.
With a length of just 14 cm, the lighting fits comfortably in any bag or toolbox. Its slim design makes it the ideal companion in the workshop or on the road.

Delivers what it promises.
The high-quality aircraft aluminium makes the torch particularly resistant to impacts and scratches. With IP54 protection, it is optimally protected against dust and splash water in harsh workshop environments.

Always at hand.
Thanks to its removable retaining clip, the hand lamp can easily be attached to a shirt, trousers, or tool bag. This means it is always close at hand whenever it is needed.
