Electronics needle-nose pliers

6711

Product no.	**67116000**
GTIN	**4018754333233**
Model	**6711 130**

2K

Label. Electronics needle-nose pliers L.130mm Header polished Handles 2-component handles

Properties.

- for demanding work in electronics/precision mechanics
- for gripping, holding, and bending components
- with half-round jaws
- smooth grip areas
- long service life, no play, push-through joint
- with double leaf spring for smooth movement
- extended handle cover for better slip protection
- ergonomic thumb rest for optimal handling
- with 2-component handles
- DIN ISO 9655

Benefits.

Precise electronics pliers for precise gripping work in electronics and precision mechanical components.

The flat nose round pliers have elastic tips that remain dimensionally stable even when twisted.

The friction-free, self-opening double leaf spring carries out the gripper movement softly and precisely.

The slim, flat nose geometry of the gripper jaws enables precise work on printed circuit boards and precision mechanical components.

The fully inserted, play-free joint offers the highest precision with a consistently long service life.

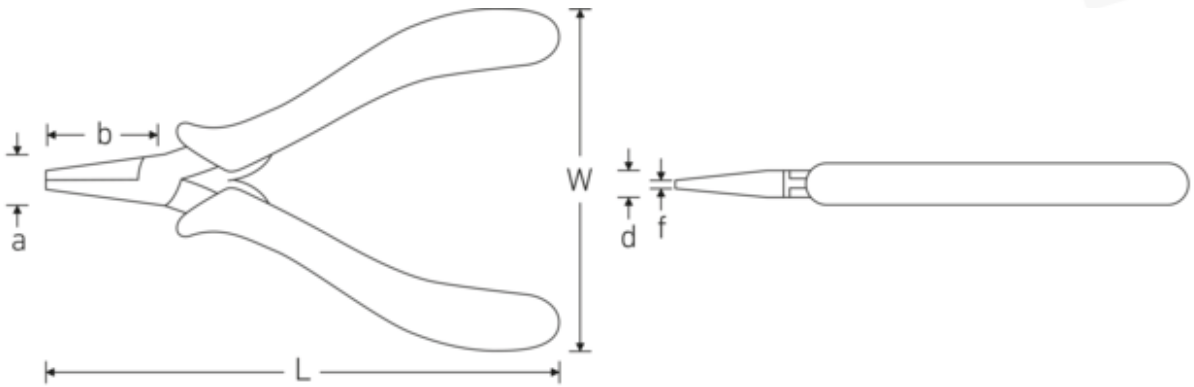
Product highlights.

Efficient use in confined installation spaces.
The long head and narrow design of the electronics flat nose round pliers enable efficient use even in confined installation spaces. The smooth-running joints with double leaf springs reduce the effort required. The extended handle covers with multi-component material improve slip resistance and the ergonomic thumb rest optimises the handling of the pliers.

Precision and durability.
The cutter is specially designed for the finest precision work. Its rigid box joint and sharp cutting edges guarantee precise cuts with different wire thicknesses. At the same time, the high-quality materials of the electronics pliers offer remarkable durability and service life.

Outstanding craftsmanship.
The tool is forged from high-quality steel which gives it outstanding stability and durability in continuous use.

Technical drawing.



Technical attributes.

Length mm (L)	130 mm
Width mm (b)	56 mm

Logistics data.

Product no.	67116000
GTIN	4018754333233

Header	polished
Handles	2-component handles
Head width electronics mm (a)	12 mm
Head thickness-electronics-mm (d)	8 mm
DIN	DIN ISO 9655
Head length-electronics-mm (b)	24 mm
Tip thickness electronics-mm (f)	1.5 mm

Weight (g)	76 g
Volume (packaged, dm3)	0.2223 dm3
Packing standard	1
WEEE/ElektroG	nicht ear-pflichtig
Customs tariff no.	82032000
Country of origin AWR	GERMANY
Region of origin	Thüringen
Depth mm (IFS)	130
Width mm (IFS)	95
Height mm (IFS)	18
Weight (gross, kg)	0,076
Weight PAP (kg)	0,000
Weight PVC (kg)	0,005
Length (packaged, mm)	130
Width (packaged, mm)	95
Height (packaging, mm)	18
