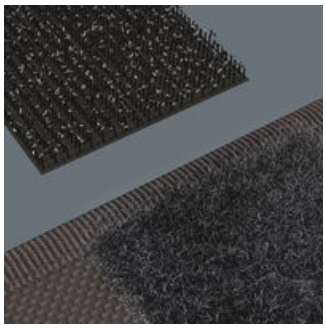
Robust, light, rigid

The material used is distinguished by its high level of robustness. At the same time, the textile box is light and rigid. Even if the textile box falls down, the tools are well protected.

Easy removal and secure storage

The twist-to-unlock system makes it easy to remove the tools. At the same time, they are securely stored e.g. during transport.

Flexible due to hook-and-loop fastener strips



The textile box features a fleece zone at the back. Using the provided self-adhesive hook-and-loop fastener strips, the textile box can be attached to the Wera 2go components. Or to the wall, shelf or workshop trolley.
