Product data sheet
1991-1 EAN-No. 4000896**156054**

- Non-contact temperature measurements.
  Integrated laser pointer
- Wide range of applications, including the motor vehicle sector (radiator / cooling systems, brakes, air conditioning, engines, exhaust systems), chemical and food controls, HVAC/R
- Rapid detection function
- Automatic data holding
- Display of max. temperature, trigger lock
- Switchable backlighting
- Dual laser sighting
- D : S = 12 : 1
- Emissivity digitally adjustable from 0.1 to 1.0
- Set high and low alarms
- In artificial leather pouch with hook-and-loop fastener and belt loop
- Net weight: 0.28 kg
- Operating temperature range: -50°C – 550°C

Order Number	1991-1
