

# Product data sheet

## 630 A-15/16 x 1

EAN-No. 4000896026746

Size  $1\frac{5}{16}$  x 1" · ● ·

- Deep offset
- Heads thin-walled
- **American dimensions**
- Surface: chrome-plated, head polished
- ISO 1085
- Made in Germany
- Output: ●
- Wrench size: ·  $1\frac{5}{16}$  x 1"
- Dimensions: 330 mm
- Net weight: 0.47 kg

### HAZET wrench – high precision tightening and loosening of screw connections

- Long service life due to:
  - High-quality chrome vanadium steel
  - Compacted material structure from drop forging
  - Careful heat treatment
- Correct hardness and dimensional stability as guarantors of wear resistance and high load capacity
- Shape, dimensions and surface design are perfectly coordinated to one another which guarantees functional handling and meets ergonomic requirements
- **Slim construction** through optimum material composition guarantees sufficient freedom of movement even with hard-to-reach screw connections
- HAZET torque values are considerably higher than the DIN ISO requirements for all wrench sizes – here DIN is the minimum requirement
- Slim open-end and box-end head shape does not reduce the wrench's loading capacity, although this is well below the maximum permissible limit value according to DIN ISO
