Product data sheet
600 N-9 EAN-No. 4000896**023325**

Size 9 mm · ◘ ·

- Long, slim design
- Slim heads
- Shank with sturdy HAZET double-T-profile
- Box-end head angled at 15°
- Long design
- Surface: chrome-plated, head polished
- DIN 3113 form A, ISO 3318, ISO 7738
- Made in Germany
- Output: ◘
- Wrench size: 9 mm
- Dimensions: 143 mm
- Net weight: 0.03 kg

HAZET wrench – high precision tightening and loosening of screw connections

- Long service life due to:
  – High-quality chrome vanadium steel
  – Compacted material structure from drop forging
  – Careful heat treatment
- Correct hardness and dimensional stability as guarantors of wear resistance and high load capacity
- Shape, dimensions and surface design are perfectly coordinated to one another which guarantees functional handling and meets ergonomic requirements
- **Slim construction** through optimum material composition guarantees sufficient freedom of movement even with hard-to-reach screw connections
- HAZET torque values are considerably higher than the DIN ISO requirements for all wrench sizes – here DIN is the minimum requirement
- Slim open-end and box-end head shape does not reduce the wrench's loading capacity, although this is well below the maximum permissible limit value according to DIN ISO

Order Number	600 N-9
