

All-purpose scissors

13155

Product no. **75271000**
GTIN **4018754340583**
Model **13155 L**

Label. All-purpose scissors L.237mm

Properties.

- scissor blades made from titanium-plated stainless steel
- clamp protection from stop buffers
- ideal for thin sheet metal, plastics, leather, cardboard, etc.
- with 2-component handles

Benefits.

High-quality universal scissors for right- and left-handed users – ideal for precise cutting of sheet metal, plastic, leather, cardboard and much more.

The non-slip 2-component handles ensure a secure and comfortable grip, even during prolonged use.

The blades are easy to adjust and clean thanks to the screw mechanism.

The titanium-coated, rust-free stainless steel blades are particularly durable and impress with their precise cuts.

An integrated stop buffer protects against jamming and provides additional safety.

Product highlights.

Comfortable grip for every hand.

Thanks to its ergonomically shaped 2-component handles, the all-purpose scissors lie securely and comfortably in the hand - whether you are right- or left-handed. The soft, non-slip handle surface ensures fatigue-free and safe working, even during prolonged use. An integrated stop buffer reliably protects your fingers from being crushed.

Cutting power that lasts.

The titanium-coated stainless steel blades remain sharp and rust-free even with daily use. The adjustable screw allows you to make an individual adjustment to the optimum cut. The blades can be easily opened and taken apart for cleaning. This guarantees maximum service life and consistently precise cutting results.

Micro serrations for greater precision.

Thanks to micro serrations on both sides, the material being cut remains securely in place without slipping. Even soft or flexible materials such as ribbons or Dyneema fibres can be cut effortlessly and precisely with our scissors. Ideal for clean results without the need for reworking.
