Mobile workbench WB 621

WB 621

Product no.	**85010621**
GTIN	**4018754336241**
Model	**WB 621**

Label.

Mobile workbench WB 621 7 Drawer anthracite, RAL 7016; black, RAL 9005
L.500mm x W.1150mm x H.1045mm

Properties.

- three-stage safety concept:
  - central locking with a lateral cylinder lock and hinged key
  - individual locks prevent inadvertent opening during transit
  - tilt protection - makes it impossible to pull out several drawers at the same time
- 7 easily removable drawers, black, full-extension runners with bearing cage guide
- 2 drawers in generous XXL format, 880 mm
- separate lockable cabinet compartment with magnetic bracket and adjustable shelves (70 mm grid)
- drawers and cabinet compartment close at the same time
- large work surface with multiplex beechwood worktop (with FSC certification), 1,150 x 500 x 30 mm
- cabling through 2 rubber cable grommets
- removable cable duct on the back side
- oil and acid-resistant wheels (Ø 125 mm) with bearings protected from the ingress of dirt and fibres, and 2 parking brakes
- paper roll holder
- RAL 7016 body, RAL 9005 drawers and cabinet compartment, in durable industrial powder coating
- stainless steel decorative trim
- two-sided perforated panel for hooks (No. 8031-8041)
- available separately: e-kit consisting of a magnetic multi-plug with 2 USB ports, a magnetic holder (flexible positioning on any metallic part of the workbench), and a cable holder
- can be equipped with STAHLWILLE TCS inlays

Benefits.

Solid birchwood multiplex worktop with a working height of 104 cm.

With 7 full-extension drawers, 2 in XXL format, and a lockable cabinet section.

Three-stage safety concept with single lock and foldable key.

Can be extended with an e-kit with triple socket, cable and magnetic holder and USB ports.

With cable outlets and a cable duct for an organised and safe working environment.

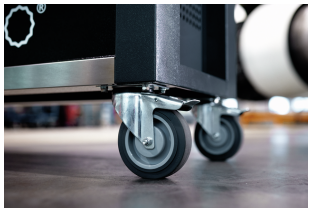

Product highlights.

Perfectly equipped.
Our workbench is of course also available directly with matching tool sets. However, we are also happy to put together sets according to customer requirements for individual requirements. Just talk to us.

Ergonomic height.
The working height of 104 cm and the particularly large, FSC-certified worktop makes work more comfortable.

Reliable construction.
High-quality materials ensure the durability one expects from STAHLWILLE, such as the robust body and drawers with industrial powder coating. The oil and acid-resistant smooth-running wheels (Ø 125 mm) are equipped with guards to protect the bearings from dirt and fibres, and with 2 locking brakes.

Secure down to the last detail.
The central lock with countersunk, side-mounted cylinder lock, together with the foldable key, protects against injury and damage. The individual locking mechanism prevents unintentional opening during transit - the anti-tilt protection makes it impossible to pull out multiple drawers simultaneously.

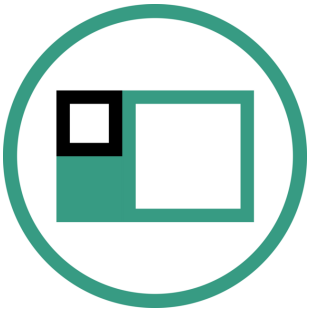

Maximum storage space.
Our workbench offers generous storage space with 2 full-length XXL drawers, 5 large drawers and a lockable cabinet section. The WB 621 can be ideally organised with STAHLWILLE foam inlays: TCS inlays 3/3 (XL) for drawers 3-7 and a combination of one TCS inlay 3/3 and one TCS inlay 2/3 (L) for the 2 upper drawers.

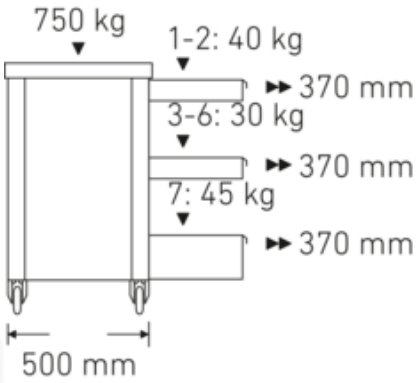

Smart cable management.
A detachable cable duct helps to neatly route and organise cables for electrical devices. This reduces the risk of tripping over or damaging the cable, thus increasing safety in the workplace. 2 cable outlets on the back also facilitate the power supply, e.g., when charging stowed battery-powered devices.

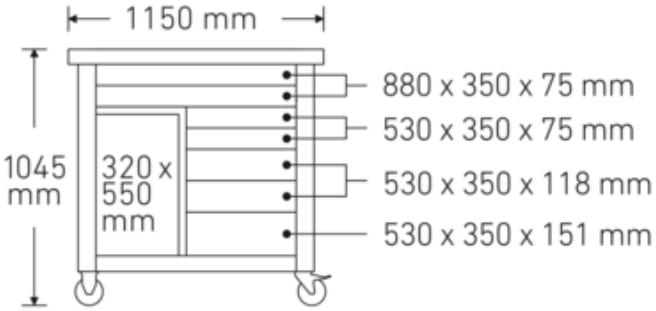

Technologies and features.

Modular Inlay System
This flexible solution for tool storage makes it possible to customise your tool trolleys and workbenches with 1/6, 1/3, 2/3 or 3/3 foam inlays.
