Screw extractor

901

Product no.	**71050002**
GTIN	**4018754286621**
Model	**EXTRACTOR 901 2**

Label. Screw extractor 5/16-3/8" M8-M10 mm

Properties.

- extraction tool for removing damaged screws or threaded bolts
- with hex drive
- with centre punch and double cutting edge
- suitable for clockwise and counter-clockwise tightening

Benefits.

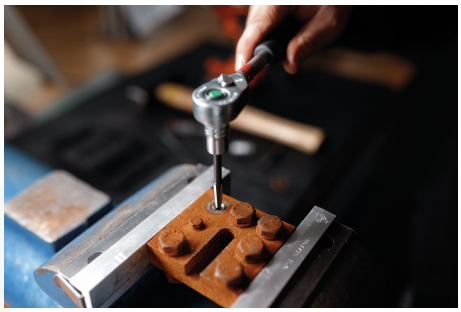

Screw extractor for easy removal or unscrewing of broken-off, rusty or damaged screws.

With hex drive, suitable for ratchets and spanners.

No damage to surrounding materials, because the tool securely grips the screw head.

Can be used for different screws, bolts and metal pins.

The centre point prevents the extractor from slipping off during extraction.

Product highlights.

Avoids damage.
Screw extractor no. 901: Extracting broken-off screws from threaded holes without causing damage is not a problem with the tool. Easy and practical to use and with top "Made in Germany" quality.

Right-hand and left-hand threads.
The double cutting edge of the extraction tool for right-hand and left-hand threads provides improved grip and effectiveness in removing screws which are damaged, rusty or stuck.

Quality and durability.
The robust screw extractor has a burnished finish, which gives the extractor additional corrosion resistance and tremendous wear protection.
