

Strap wrench

12005

Product no.	**76500001**
GTIN	**4018754048137**
Model	**12005**

Label. Strap wrench No. L.236mm

Properties.

- for clamping, loosening and tightening oil filters and sensitive screws/bolts up to a diameter of Ø 200 mm
- suitable for working in tight spaces
- low-wear, non-slip rubber fabric belt
- freely adjustable strap for flexible size coverage
- sturdy grip

Benefits.

Low-wear strap wrench for clamping, loosening and tightening sensitive and stiff bolted joints such as oil, sand or water filters.

The adjustable strap can be flexibly adapted to different shapes, even ones which are irregular, up to a diameter of 200 mm.

Available separately: replacement rubber webbing strap No. 12005/1.

Suitable for maintenance of vehicles and machinery, servicing of generators and carrying out repair work on sanitary installations.

The strap wrench consists of a sturdy handle with a non-slip plastic coating and an easy-grip rubber webbing strap for optimum force transmission.

Product highlights.

Use in confined space.
In contrast to fixed tools, the belt can be flexibly adjusted to optimally loosen or close different object sizes up to Ø 200 mm. This makes it ideal for confined or hard-to-reach areas where conventional tools often do not have enough space.

Reduced risk of damage.
In contrast to conventional spanners or pliers, a rubber band tightens the fastener evenly. This significantly minimises the risk of wear or scratch marks on surfaces.

Low-wear construction design.
The hard-wearing rubber fabric reduces stretching and cracking. The sturdy handle in combination with the non-slip rubber band ensures efficient power transmission.

Technical attributes.

Length mm (L)	236 mm
Strap width	22 mm
Strap length	600 mm
Clamping range mm (w)	0-200 mm

Logistics data.

Product no.	76500001
GTIN	4018754048137
Weight (g)	264 g
