Contains 7-pieces:
7 electronic TORX® screwdrivers **No. 4754**: T4; T5; T6; T7; T8; T9; T10

Benefits.

Whether for electronics technicians, IT technicians or watchmakers - our screwdriver set is specially tailored to the needs of professionals for precise work.

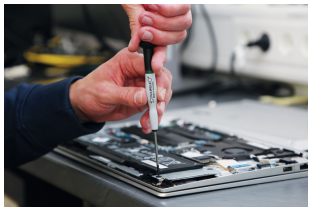

The handy fast rotating handle in combination with a rotary cap enables faster and more efficient swirling without having to put down the screwdriver.

In a space-saving roll-up tool pouch for safe and well-organised storage.

With the sizes TORX® T4; T5; T6; T7; T8; T9; T10, the set is ideal for delicate work on sensitive components.

The non-slip multi-component handle ensures maximum control and supports ergonomic working.

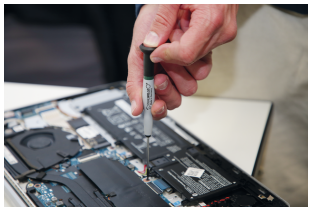

Product highlights.

For the smallest safety screws.
Our high-quality set of electronics screwdrivers is an indispensable tool for various electronics and precision engineering projects. Whether for repairing hardware, installing and maintaining automotive electronics or in precision engineering for clockworks and microelectronics, these screwdrivers combine precision, comfort, and versatility.

Excellent quality.
The Chrome Alloy Steel blade with specially hardened black tip ensures the highest quality and a long service life.

Fast spinning.
By placing your hand on the rotary cap and the fast-rotating handle, you can twirl the screwdriver particularly quickly without having to put it down repeatedly.

Organised storage.
The set fits into the pockets of a practical roll-up tool pouch. This makes it convenient and space-saving to carry anywhere. Transparent mesh inserts allow you to see at a glance whether all your tools are there.

Technical attributes.

Range	T4-T10
Number of tools	7 pcs.
