840/2 Z Bits, 3 x 30 mm

EAN:	4013288012753	**Size:**	30x9x9 mm
Part number:	05057505001	**Weight:**	8 g
Article number:	840/2 Z	**Country of origin:**	CZ
		Customs tariff number:	82079030

- For hexagonal socket head screws
- Tough for hard materials
- Hex-Plus allows socket head screws to live longer
- 5/16" hexagon drive (Wera connecting series 2)

Tough viscous Wera bits for hexagon socket screws for universal use. Hex-Plus offers a greater contact surface in the head of the screw. The notching effect is therefore reduced to a minimum and damage to the screw head more or less eliminated. 5/16" hexagon, suitable for holders as per DIN ISO 1173-D 8.

Hex-Plus

Hexagon socket screws are a problem, because the contact surfaces that transfer the force of the tool to the screw are very narrow. The consequence: the head of the screw can be damaged, usually rounding out the recess. Hex-Plus tools have larger contact surfaces to prevent this, driving from the flats of the recess, rather than the corners. Good to know: Hex-Plus tools fit into every standard hexagon socket screw!

Tough bits

Tough Wera bits prevent the tip from breaking prematurely. Z-bits usually are the bit for universal screwdriving applications.
