

EAN:	4013288178633	**Size:**	205x110x60 mm
Part number:	05135949001	**Weight:**	772 g
Article number:	Kraftform Kompakt Zyklop MS1 Metal/Speed 1/4	**Country of origin:**	CZ
		Customs tariff number:	82041100

- Incredibly fast Zyklop Speed ratchet with pivoting ratchet head and 5 predefined locking positions
- Extremely slim Zyklop Metal ratchet with long lever
- Return angle of only 5°
- Convenient direction change thanks to switchover lever
- Set in robust textile box

Compact Ratchet set with 2 ¼" ratchets, Zyklop Speed and Zyklop Metal with switchover lever as well as 6 accessories. Zyklop Speed ratchet with flywheel design and easy-to-grip, free-turning sleeve for high working speeds; freely pivoting ratchet head; predefined locking at 0° and 90° to the left and right as well as 15° from 90° inwards; can be used as a conventional screwdriver in its 0° position; secure locking of the sockets also in the screwdriving position; left/right switchover; fine-toothing; small return angle of 5°; multi-component Kraftform handle for low-fatigue working. Zyklop Metal ratchet with switchover lever; Zyklop Metal ratchet with switchover lever; slim design for work in even very confined spaces; the 72 fine-pitched teeth allow a small return angle of 5°; switchover lever for convenient direction change; secure socket locking function; forged, full metal ratchet (chrome-molybdenum steel) for particularly high robustness and long service life; incredibly compact arrangement: many tools in a minimum of space; extremely compact textile box that is very robust and durable; can be positioned upright in workshop shelf for tidy storage; can be set down on sensitive surfaces thanks to the textile outer material; low weight and volume for simplified mobility.

Incredibly fast Zyklop Speed ratchet with pivoting ratchet head and 5 predefined locking positions

Zyklop “6 in 1”

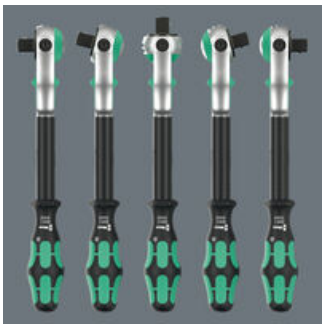

1. Fine-tooth ratchet 2. Flex-head ratchet 3. Angle ratchet 4. Quick-release ratchet 5. Power ratchet 6. Screwdriver

Fast movers

The Zyklop Speed ratchets are really fast movers. The gyrating mass design means that screwdriving is accelerated. The rotation-symmetric structure of the Kraftform handle and the free-turning sleeve reinforce this rapid twisting process, particularly when the ratchet does not engage due to too little resistance in the thread.

Pivots freely

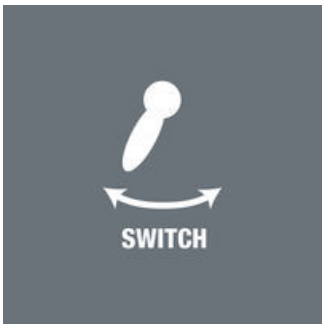

The ratchet head pivots freely and can be locked into any defined position by using the slide switch that is positioned on either side. It is even possible to work in very confined and difficult-to-access areas with enhanced hand clearance. The predefined locking at 0°, 15° and 90°, both to the right and left, ensure safe working without any slipping of the ratchet head.

Zyklop Metal Switch

Due to the ever-more confined working environment, space is becoming more and more an issue for the application of ratchets. Our product developers therefore intensively occupied themselves with the issue of confined working spaces, and Wera has now solved this problem. The extremely slim and robust Zyklop Metal ratchet with a long lever was what emerged. When the change in direction needs to be quick, the Zyklop Metal Switch ratchet is the right tool. When the socket must not get lost and a coincidental change of direction has to be avoided at all cost, the Zyklop Metal Push is the correct choice.

Reversible

Switch lever for convenient change of direction.

Small return angle

Fine-pitched with 72 teeth for a return angle of only 5°

Textile boxes

The textile boxes offer dramatically improved portability, and are space-saving to boot! This means you can now carry the same collection of tools, in a much more compact and comfortable package. The hassle of running back and forth for the right tools has now become a thing of the past. And the much lower weight of a set makes carrying more convenient than ever before. The textile box including the tool will even survive a fall undamaged.
